What Our Loyal Customers Say About Us:

"I ordered a regular and a margherita slice and I couldn't have been more pleased. I could literally taste all of the ingredients separately; basil, garlic, tomatoes and mozzarella. The ratio of cheese and tomato to crust was perfect. Oh and the crust tasted like something out of a bakery - not the usual crust you get. All in all - this was excellent, delicious and fresh. I finally found a great pizzeria!"

Sharon W. on Yelp.com

"You're not going to find a better pizzeria than this anywhere in Brooklyn. Not only will you NOT be disappointed, but I guarantee you will be coming back for more!!! I have literally tried everything on the menu and was never disappointed. Not only is the place immaculate, but you forget you're even in a pizzeria the way its decorated. They literally make you feel like a part of the family...."

John D. on Zagat.com

"BEST PIZZA IN BAY RIDGE!! They use fresh ingredients. I love the flavor of the WOOD BURNING OVEN and their crust is perfectly cooked. This is my new go-to pizza spot in the neighborhood. The service is great too and the restaurant is clean!"

If It's MSG, it isn't Chinese

SO WE DON'T ADD IT IN OUR COOKING TECHNIQUE
MSG (MONOSODIUM GLUTAMATE) ISN'T NECESSARY TO ENHANCE THE FLAVOR OF
CHINESE FOOD AND NEITHER IS THAT TIGHT FEELING AT THE TEMPLES SOME PEOPLE GET FROM IT

AT *Mr. Tang*

WE ADD NO ARTIFICIAL ADDITIVES OR FOOD DYES WHEN PREPARE A DISH.
BECAUSE OUR CHEFS ARE MASTERS AT BRINGING OUT ALL THE
DESIRED SUBSTLETIES OF FLAVOR NATURALLY —
THROUGH THE DELICATE INTERPLAY OF INGREDIENTS THEMSELVES
WE BELIEVE THAT "FLAVOR ENHANCERS" JUST GET IN THE WAY OF THE FLAVOR ITSELF.

Patsy's Dream:

Pompeii, the sumptuous town which was buried in one of the most disastrous volcanic eruptions in history, provides first class evidence of the ancient way of life. It was there in the 5th century B.C. that Emperor Pasquale Frederico Grimaldi, while staying at this favorite resort of rich Romans, first discovered the taste of bread baked in a coal stoked brick oven!

In the year A.D. 79 the terrible eruption of Vesuvius occurred burying the whole town under ashes and a crust of volcanic rock. Pompeii was rediscovered in the 17th century, but it wasn't until the year 1748 that systematic renovation began. This time, Excavator Pasquale F. Grimaldi re-discovered the coal stoked brick ovens and the flour mills.

In the early 1900's, his famous relative, Patsy Lancieri, arrived in New York from Italy and opened the first coal stoked brick pizza oven restaurant. It was there that we discover our own Patsy Grimaldi, at the age of 13, stoking the oven and making pizza. Over the years, his desire to have his own brick oven became overwhelming. He would prowl the streets of New York looking for locations to set up this fantastic oven so that other people could share his love for the ultimate pizza. He, like his ancestors, searched and searched. He did discover a few ovens, like John's of Bleecker Street and Totonno's of Coney Island, and they made great pizza, but still not his own.

And now, 2390 years after the invention of the coal stoked brick oven, and here in our Landmarked building from the year 1748, it seems only right that Patsy would build his oven.

Please enjoy his pizzas as much as he enjoys making them for you. They are made not only with fresh tomatoes, homemade mozzarella cheese, and imported olive oil, but with tender loving care!
